# COACHING STAFF

**Sion Brinn**

**Head Coach**

**First Year**

While Sion Brinn is in just his first season as head coach at Wright State and sixth season with the program overall, his numerous experiences in swimming have taken him all around the globe.

Brinn has been instrumental in the success that the Raiders have enjoyed over the past five years. Last year's men's squad won their third straight Horizon League title and has also won one other crown during Brinn's tenure. On the women's side, WSU has finished first or second every year Brinn has been part of the program, including three consecutive League crowns. Along with the team success, the women have claimed 43 individual League titles during that span and hold eight current League records while the men have won 38 titles and hold seven records.

Born in Kingston, Jamaica, Brinn competed for that nation in the 1996 games in Atlanta, finishing 12th in the 100 meter freestyle. He then competed for Great Britain in the 2000 Olympic Games in Sydney, Australia as part of the 400 medley relay team, finishing eighth, and the 400 free relay team, placing ninth. Brinn was also the 1996 U.S. Open champion in the 50 and 100 free and was runner-up in the World Cup sprint category in 1997.

Brinn began his collegiate career at Indian River Junior College in Fort Pierce, Florida, where he competed from 1991-93 and was a 12-time junior college national champion. He then transferred to Louisiana State University where he was an All-American in both 1994 and 1995.

Over the past eight years, Brinn has conducted many swim camps and stroke clinics along with competing as a world-ranked swimmer.

Brinn graduated from LSU in 1996 with a degree in kinesiology. He currently resides in Dayton.

**Mindy Ickes**

**Assistant Swimming Coach**

**Third Year**

Mindy Ickes may be in only her third season as part of the Raiders coaching staff, but she is definitely a veteran when it comes to Wright State and the swimming and diving program.

Ickes competed for the Raiders from 1997-2001, receiving the team Raider Award as a senior and finishing 12th in the 1650 free and 15th in the 200 breast at the Midwestern Collegiate Conference meet that year.

As a junior, Ickes placed fourth in the 1650 free, seventh in the 500 free and nine in the 100 breast at the MCC Championships. Ickes also posted the team's second-best times in the 500, 1000 and 1650 free that season.

During her sophomore year, Ickes was part of the 800 free relay team that finished as the MCC runner-up.

A Fremont, Ohio, native and graduate of Ross High School, Ickes was an all-district, all-state and an NISCA All-American with the Little Giants. She set school records in the 100 breast, 200 IM and 500 free and was part of three record-setting relay teams.

Formerly the head swimming coach at Beavercreek High School, Ickes has also held positions at Miami Valley Hospital and the Woodhaven Swim and Tennis Club. She has also earned certification in First Aid, CPR, AED and lifeguarding.

Ickes received her B.A. in health and physical education from WSU in 2002 and her M.Ed. in Health Promotion and Education from the University of Cincinnati in 2004.

# COACHING STAFF

## Liyi Wang

**Head Diving Coach**

**15th Year**

Head diving coach Liyi Wang has made some indelible marks in his 14 seasons at Wright State. In 1991-92, he coached the North Star Conference Diver of the Year, Jodi Train, and helped her earn 1993 Mid-Continent Conference Female Diver of the Year honors as well. In 1994, Amy Hutchinson was the Mid-Continent Conference's Female Diver of the Year and then won the same award in the

MCC in 1995.

In 1997, Jared Bitner and Karen Lesh were named as the MCC Divers of the Meet for the men and women, respectively. The tradition continued in 2002 as Roberta Borkowski was selected as the MCC Diver of the Meet and Trevor Downing was chosen as the Horizon League Co-Diver of the Meet.

Prior to coming to WSU, Wang was an assistant diving coach at Princeton University for two years. Born in Shanghai, Wang was an accomplished diver himself as a member of the Shanghai diving team from 1960 to 1971, earning fourth place in the 1965 Chinese National Games. Wang then coached the Shanghai divers for six years and spent 10 years at the helm of China's national team when three of his female divers were World Cup champions. Wang also led China's Olympic squads in 1980, 1984 and 1988.

Wang graduated from the Shanghai Physical Education Institute in 1966. He was awarded the Chinese All-Sports Honorable Award, which is the highest award given by the Chinese Sports Federation.

Wang resides in Dayton with his son, Pei Chang Wang.

## Harold Miller

**Assistant Diving Coach**

**16th Year**

Harold Miller has definitely played a major role in the development of the Wright State swimming and diving program.

After a stint as head coach from 1973-80, Miller enters his 16th season as the Raiders' assistant diving coach. Miller started the Dayton Raiders diving club in 1973 and has coached 11 All-

Americans, two YMCA National Champions and one National Junior Olympic Champion.

In 2003, Miller was the recipient of the athletic department's Angelo "Tony" Tononi Award, which is presented to someone who has contributed above and beyond through the years.

As assistant diving coach, he is responsible for many tasks of both the swimming and diving programs.

The father of former Raider standout Rick Miller, Harold and his wife, Kay, live in Centerville.

## President

Dr. Kim Goldenberg

Kim Goldenberg, M.D., was named the fifth president of Wright State University on April 9, 1998. His academic background in engineering and medicine has included work on NASA's first manned lunar landing and duties as a consultant to the White House on health care reform.

He has served as dean of the Wright State University School of Medicine from 1990 to 1998 and led the school to national recognition in academics and community service.

During his tenure as president, Dr. Goldenberg has been recognized for the success of a major WSU capital campaign, significant research funding, strong fiscal management, innovative academic accomplishments, extensive professional and community involvement and a dedicated commitment to diversity.

His numerous local and statewide honors include selection among Dayton's most influential people and as Business Executive of the Year by the *Dayton Business Journal* and leadership recognition from the National Conference for Community and Justice.

Dr. Goldenberg and his wife, Shelley, have three adult children.

## Provost

Dr. David Hopkins

Dr. David Hopkins was named Provost of Wright State University in July 2003. A native of Ohio, he has 25 years of experience as a faculty member, college administrator and academic leader at the University of Minnesota, University of Texas system and Indiana State University.

Dr. Hopkins came to Wright State after 12 years at Indiana State, where he advanced from chair and professor of Physical Education to senior associate vice president for Academic Affairs. His administrative responsibilities at Indiana State included associate vice president for Academic Affairs, interim provost and vice president for Academic Affairs, senior associate vice president for Academic Affairs and interim dean of the School of Business.

His background includes health and fitness, as he served for six years as director of the Center for the Study of Fitness and Aging at Indiana State and has taught classes in fitness and aging, kinesiology and exercise physiology.

Dr. Hopkins holds bachelor's and master's degrees from the College of Wooster in Ohio and a doctorate from Indiana University.

As provost, he has responsibility for the university's academic schools and colleges and nationally funded research centers and institutes. A major current assignment involves implementation of the university's recently adopted Strategic Plan.

## Vice President

Dr. Dan Abrahamowicz

Dr. Dan Abrahamowicz is vice president for student affairs and enrollment services at Wright State University.

A native of Lorain, Ohio, Dr. Abrahamowicz was appointed in 1996 as vice president. He oversees a variety of university departments including Athletics, Undergraduate Admissions, Campus Recreation, Career Services, Disability Services, Financial Aid, Public Safety, Residence Services, Student Life, Student Union, and Student Judicial

Affairs.

Dr. Abrahamowicz received a B.A. degree magna cum laude from Cleveland State University and an M.A. degree from The Ohio State University. He received his Ph.D. degree with an emphasis in counseling and human services from the University of Toledo.

## Athletic Director

*Dr. Michael J. Cusack*

Dr. Michael J. Cusack is director of athletics at Wright State University. He was appointed in April of 1982. Since then, he has led aggressive movements including the change to Division I in 1987, the building of the Nutter Center in 1990 and, most recently, the new Mills Morgan Center and Setzer Pavilion.

A native of Levittown, New York, Cusack earned his Bachelor of Science degree in physical education from Long Island University in 1964. He received his Master of Science degree in physical education from Queens College in 1969 and an Ed.D. degree in 1980 from New York University in administration of physical education and athletics.

Following graduation in 1964, Cusack spent nine years at Queens College as a member of the physical education faculty. He served as head baseball coach, assistant basketball coach, and assistant athletic director. His baseball teams had a combined record of 65-27 with teams appearing in postseason tournaments each of the four years he was coach. He was inducted into the Athletic Hall of Honor at Queens in December 1986.

After Queens College, Cusack spent four years as athletics director and head baseball coach at Mercyhurst College in Erie, Pennsylvania. At Mercyhurst, he moved the program from the NAIA to NCAA Division II and started the football program.

*Dr. Cusack at a press conference.*

**2004-05 Athletic Council—Left to Right:** Kuldip Rattan, Steve Fortson, Beth Sorensen, Judy Chivers, Mike Cusack, Abe Bassett, Linda Ramey, Marilyn McCauley, Dan Krane, Curt Pederson, Mark Mamrack, Sheryl Kent, Micky Sharma, Thomas Howell, Richele O'Connor, Jim Larsen, Ashley Fitzpatrick, Paul Newman, Dave Reynolds, Margaret Clark Graham. ## Mission Statement

The athletics program at Wright State University is recognized as an integral part of the total educational process. The athletics program is designed to contribute to the development of the student-athlete's health, fitness, leadership skill and respect for others.

Wright State University's intercollegiate athletic representatives are student-athletes, coaches and staff who are instructed on and dedicated to the principles of fair play and amateur competition as defined by the rules of the NCAA. It is the responsibility of the athletics administration and coaches to insure that the entire program is in full compliance with all pertinent rules and regulations.

# Wright State University

## Wright State Today

Wright State University will help your dreams take flight. Named after the inventors of powered flights, Orville and Wilbur Wright, the university carries on their tradition of innovation. And with more than 100 undergraduate degrees and nearly 50 Ph.D., masters, and professional degrees, the sky is the limit.

Come check out the beautiful 557-acre wooded main campus yourself. You'll find state-of-the-art facilities, a 200-acre biological preserve, and some of the newest, most modern student housing anywhere. Spread your wings with more than 150 student clubs and organizations.

Whether it's preparing students to take their place in our ever-changing world, conducting research that can improve our lives, or partnering with local communities and businesses, Wright State University is making an impact, both locally and globally.

## Innovation Is in the Air

A rich and dynamic community of nearly 17,000 students, Wright State is a place where tomorrow takes flight. Located 12 miles northeast of Dayton, Ohio, Wright State is a nationally accredited state university

with an impressive range of study. Its six colleges and three schools, including schools of medicine and professional psychology, offer opportunities for discovery and growth.

A full-size replica of the 1903 Wright Flyer hangs in the Dunbar Library atrium as a symbol of the Wright brother's genius and innovation. The library is home to one of the world's most complete collections of the Wright brothers' papers and memorabilia.

## Personal Attention From Faculty

Most classes are small and taught by fully-affiliated faculty members, 80 percent of whom hold the most advanced degrees in their fields. The faculty is dedicated to advancing the frontiers of knowledge, as well as applying it to real problems. Students gain hands-on

experience through a variety of community-based programs, cooperative education, internships, service learning, and research projects.

## National Recognition

Our students work hard and achieve national recognition. They're gaining valuable skills and experience by competing with some of the best schools in the nation and coming out on top!

- Only four-time winner of the National Student Case Competition, sponsored by the Institute of Management Accountants
- National Model UN Conference, top awards for 25 years
- The most awards at the American College Theatre Festival
- First place, Ohio engineering design show-case
- Meritorious rating, International Mathematical Contest in Modeling
- Ohio Pediatric Nurse Practitioner Student of the Year
- Outstanding Student Teacher and Outstanding Cooperating Teacher for Ohio
- First place in the 2002 U.S. Institute of Theatre Technology's "Backstage Olympics"
- Top 10, National Intercollegiate Ethics Bowl

## There's Plenty To Do

At Wright State, we're active like you. Our students are diverse, and our campus activities reflect a broad spectrum of interests and outlets. With more than 150 clubs and organizations, there's something for everyone.

If you want to soar with the birds, try skydiving. If you have political aspirations, get involved in Student Government. If you don't mind a few bumps and bruises, join the rugby team. Choose from 18 sororities and fraternities that focus on scholarship, service, and fun.

Hang out at the Student Union's extensive recreational facilities, including a fitness center, gym, racquetball and squash courts, and an Olympic-size indoor pool. Outdoor Trec offers unique and exciting opportunities to go camping, canoeing, rock climbing, white-water rafting, skiing, horseback riding, scuba diving, and more! Bicycles, backpacks, kayaks, skis, and other equipment are available to students.

## Diversity Enriches Campus Life

At Wright State, we believe that welcoming students from diverse cultures strengthens and enriches the entire campus community. Bringing these students together with an active campus life creates a rich intellectual and social experience—a complete university experience.

Wright State is a national leader in accommodating

# Wright State University

the needs of students with disabilities. Most of the 24 campus buildings are connected by a unique underground tunnel system.

## Some of the Best Campus Housing

While living on campus is not a requirement, 60 percent of all first-year students choose to do so. Almost 3,000 students live in attractive residence halls on or adjacent to campus. Year after year, they say how fantastic their campus living experience has been and

how great it was to stay in new, modernly equipped rooms that have all the comforts of home. You'll find nice furniture, cable TV, air-conditioning, and Internet hook-ups. Plus, all students—even first-year students—may have a car on campus.

## Community Partnerships Offer Real-World Experience

Wright State provides its students with unique opportunities to help solve real-world problems by addressing the educational, cultural, social, and economic needs of the Miami Valley. Students obtain relevant hands-on learning experiences through the university's link to area corporations, community programs, health and social service agencies, and government organizations. This blending of academia with the larger community provides benefits for both.

## Student Life at Wright State

Wright State has a diverse mixture of students with various educational goals and interests. The majority of our students, 76 percent or about 13,000, are undergraduates, and of those, about 11,200 are full time. Although the majority of these students come from southwestern Ohio, many also come from other parts of Ohio, from almost every state in the nation, and from 69 other countries.

Nearly 3,000 students live in campus housing, in either

traditional dormitory-style rooms, suite-style rooms, or apartments, all offering direct Internet connections. Nearly 1,300 freshman students chose to live on campus in fall 2003.

Regardless of background and career goals, our students provide the basis for a campus rich in cultural and intellectual diversity.

Both commuting and residential students make for an active campus life. Over 150 student clubs and organizations provide recreational, professional, and entertainment activities. Also popular are the university's two theatres and concert halls, and the Student Union, which has extensive recreational facilities, including a fitness center, a small gymnasium, racquetball and squash courts, and an olympic-size indoor pool.

Wright State students have distinguished themselves academically, both on the state and national level. For example, Wright State students compete with 200 colleges and universities from 15 different countries that debate each year at the Model United Nations program held in New York City, and now hold the longest winning streak on record of 25 years. The Ohio Society of Professional Engineers awarded our student team first place in a statewide senior design showcase.

In recognition of its innovations in teaching and research, the Department of Mathematics and Statistics has received Academic Challenge Grants from the Ohio Board of Regents and highly selective external funding awards from the National Science Foundation and other federal agencies. In addition, undergraduate students in the Department of Mathematics and Statistics compete each year in the William Lowell Putnam Mathematical Competition.

The student is the focus of attention at Wright State University. Although Wright State students do not easily fall into specific categories, all are valued for their unique talents and contributions. In a supportive learning environment, Wright State faculty challenge their students, encouraging them to realize their potential, to reach their goals, and to fulfill their dreams. As a result, Wright State continues to attract achievement-oriented students who are eager to learn.

## University College

The University College programs assist students in transitioning to university life and developing the necessary skills to ensure their entrance into the Wright State college and major of their choice. The University College provides academic advising; tutoring and testing services; a leadership development program; basic courses in reading, writing, mathematics, and college student strategies; and the First-Year Seminar and learning communities. An academic advising center and mathematics learning center also offer free individualized assistance to students.

# Wright State University

## Writing Assistance

The University Writing Center provides free writing consultation. Undergraduate and graduate students are available to help students with every stage of the writing process and with assignments across the curriculum. Students may also receive help using one of the center's 13 networked computers.

The Writing Center also offers individual workshops each quarter. These specialized workshops offer review of grammar and punctuation, research formats, and essay exam preparation. The center also maintains a Writer's Hotline for students and staff.

## Learning English for Academic and Professional Purposes (LEAP)

For non-native speakers of English wishing to study at an American college or university, Wright State offers the Learning English for Academic and Professional Purposes (LEAP) Intensive English Program.

Benefits of the LEAP Program include 10 weeks of instruction in small classes that allow for individual attention. The instruction includes intensive speaking, listening, reading, writing, grammar, and the latest computer technology, including Web browsing and e-mail. Students are instructed by experienced faculty with advanced degrees in teaching English as a second language or a related field, and by adjunct instructors closely supervised by more experienced faculty. The LEAP Program also features regular meetings with native English-speaking conversation partners and scheduled sessions with trained tutors in the University Writing Center.

Holders of F-1 visas must be enrolled full-time in the LEAP Program, although a part-time course of studies is available for immigrants and visitors.

## University Libraries

The University Libraries are members of OhioLINK, an advanced computer network providing access to over 31 million library items in Ohio's university, college, and state library collections. Students can order books online from OhioLINK libraries and receive them for check-out within two to three days. OhioLINK resources also include scores of research databases and the full text of thousands of journals and other works.

The Libraries' information research system uses a Web-based interface to provide integrated access to local and OhioLINK resources plus many other resources available on the Internet. The Libraries' Web site is <http://www.libraries.wright.edu>.

## Other Services

- Instructional sessions for all library services and resources
- Current periodicals and microfilm resources (microfilm readers and printers)

## Wright State Snapshot

- **The University:** Nationally accredited, state university with 109 undergraduate degrees and 46 graduate or professional degrees
  - **Founded:** 1964. Granted full university status in 1967
  - **Location:** Main campus, 12 miles northeast of Dayton, Ohio. Lake Campus, near St. Marys and Celina, Ohio.
  - **Enrollment:** Approximately 13,700 undergraduate students and 4,000 graduate, professional, or doctoral students. (Fall 2003)
  - **Student Body:** Approximately 93 percent Ohio residents, 13 percent minority students, and international students representing 69 foreign countries.
  - **First-Year Student Profile:** (fall 2002)  
New first-year students, 2,664
  - **Student Organizations:** More than 150
  - **Faculty:** 700; 80 percent hold the highest degree in their fields
  - **Average Class Size:** 25
  - **Student-Faculty Ratio:** 20:1
  - **Libraries:** The Paul Laurence Dunbar Library contains over 703,000 bound volumes, 440,000 government documents, and 4,100 periodical subscriptions. The Fordham Health Sciences Library contains over 135,000 bound volumes, and 1,000 periodical subscriptions. Electronic resources include more than 140 research databases, 5,700 electronic journals, and 22,000 e-books.
  - **Computer Resources:** State-of-the-art computer labs are located throughout campus. World Wide Web access is available to all students and faculty. Technical support is available 11 hours a day.
  - **Residential Facilities:** Hamilton Living/Learning Community (double and triple rooms); The Village (efficiency, deluxe efficiency, one- and two-bedroom apartments); The Woods (double and quad suites); Honors (double suites); Forest Lane Apartments (two bedroom units); College Park Apartments (four bedroom, two baths)
- Course reserves (online and print)
  - Media collections (videos, films, preview equipment)
  - 20,000 music scores and over 6,000 musical recordings
  - Reference assistance (individual or group instructions and handouts)
  - Interlibrary loan services for items not available at Wright State or through OhioLINK
  - The Student Technology Assistance Center (STAC) offers various software and hardware plus personalized assistance for students to complete class assignments requiring electronic presentations, graphics, Web page design, and more.

# Wright State University

## Paul Laurence Dunbar Library

The Paul Laurence Dunbar Library plays an important role in instruction and research activities at Wright State University. The library collections, among the largest in the Dayton metropolitan area, include over 703,000 bound volumes, over one million microforms, 440,000 government documents, 4,100 serial subscriptions, and more than 4,000 media or visual items. The library is open over 100 hours per week, longer during exam periods. In addition to the walk-in assistance available in the information/reference area during most hours, students may make appointments with reference librarians for in-depth assistance. Librarians also offer group instruction through a series of regularly offered

workshops on topics ranging from basic research introduction to advanced searching of Web resources and specialized databases.

As a partial U.S. government documents depository, the library provides students and the general public with access to electronic and print documents, including over 30,000 geographical and topographical maps from all over the United States. The Libraries are also a designated Patent and Trademark Depository Library with collection materials accessible in the Dunbar Library.

Special Collections and Archives houses collections on aviation history, Wright State University history, and one of the most extensive collections of Wright brothers materials, including more than 4,000 original photographs made by the Wrights to document their achievements.

## Computer Resources

Computing and Telecommunications Services (CaTS) provides service and support for university telephones, campus networking, Internet access, and administrative and student computing resources. Wright State students are encouraged to use these resources to enhance their learning experience. CaTS maintains

computer labs (most open 24 hours) with computers networked to international resources, laser printers, and numerous software applications to complement students' classroom activities. The computers in these labs not only provide desktop applications, but also provide access to larger computer platforms, such as our UNIX system, the University Libraries databases, and other Internet resources. Wright State has a strong commitment to providing accessibility to all students. In support of this commitment, a variety of adaptive technologies are available to provide computer access to students with physical disabilities.

All students should obtain a CaTS CAMPUS account. The CAMPUS account provides them with the account name and password necessary to access the Internet, e-mail, and other computing resources. Accounts also provide personal and class disk space on the network file servers. With their CAMPUS account and a Web browser, students can access the Internet from home using the CaTS modem banks. Student accounts remain active only as long as they are enrolled in classes.

## Career Services

The central purpose of Career Services is to help students prepare for academic and career success. Freshmen and sophomores are assisted with career assessment, values clarification, and occupational data to help them make informed choices of academic majors. Students are also provided opportunities for experiential learning (internships) and discovering the relationship of skills acquired to the broader work world. Career Services helps prepare graduating seniors to be successful candidates by helping them translate their academic and co-curricular experiences into successful job campaigns or graduate school applications.

Specific services include: a computerized career exploration program, Choices; an interest inventory, the Self-Directed Search; a personality assessment, the MBTI; a web resume registration, UNCW Experience; internship resources; workshops on a wide range of topics from choosing an academic major to job search strategies; a career resource library; job listings for both part-time and full-time, including internships; on-campus recruiting; annual events such as Career Day, Education Job Fair, Internship-Summer Job Fair, and Graduate School Day; and a home page on the World Wide Web with a directory of helpful career and employment sites.

Career Services is located in the University Union in rooms 104 and 106, open 8 a.m.-5 p.m. Monday-Friday with special drop-in hours on Mondays and Thursdays, 2-5 p.m. for students who have quick questions about resumes, job searching, cover letters, and more. Currently enrolled UNCW students are eligible for all services.

# Wright State University

## Career Resources Center

The Career Resources Center (CRC), located in E334 Student Union, serves as a valuable source of information for people seeking career, job search, and employer information including job postings. In addition, computers are available for career related internet searches and to develop personal marketing tools.

SIGI Plus (System of Interactive Guidance and

Information), a computerized application, allows users to assess interests, abilities, and values to determine what occupations might be a good fit. The most frequently used option on SIGI Plus is the Information Module. A user can find information on career projections, required academic preparation, job definition and descriptions, and salary. Please allow at least 90 minutes to assess and explore options. Less time is required for a search of specialized information.

Browse the complete bibliography of print materials available for use in the Center. Resources are categorized to assist you in locating the materials needed. Categories include Job Search, Directories, Career Exploration, Experiential Education (Co-op Ed/ Internships), Transition to the Workplace, Graduate School and specialized career information by college and major.

Employer Literature is found alphabetically in binders or files within the Center. Use these sources to locate basic information about a particular employer, such as services or products, reputation, growth pattern, divisions, subsidiaries, new products, and annual reports. Career Services recommends that you also use the Internet and other resources, such as networking, to identify and review company information.

## Cooperative Education and Internship Programs

Provide educational opportunities consistent with a student's course of study. Opportunities may be full-time or part time. Completing one or more quarters of

field experience keeps a student competitive when it is time to search for career employment. Employers seek candidates with backgrounds in practical application of their discipline. Stay current and competitive through co-op and internship programs consistent with your course of study.

## Career Employment

Career-related employment provides opportunities for students looking ahead to graduation and for alumni interested in changing jobs or switching careers. Recruiters begin evaluating candidates as much as nine months prior to graduation. Career Services offers appointments, résumé reviews, mock interviews, career days and fairs, résumé postings, job postings, on-campus interviews, and Spring Training to assist with your career employment.

## Cooperative Education/Internship

Co-ops and internships are field-related experiences for upper level students. In both cases, employers provide on-site supervision and opportunities for integrating academic theory with real-world practices. The co-op experience traditionally lasts more than one quarter. Co-op program structures include alternating, where students work full-time and alternate quarters of work with quarters of study; and parallel, where students work part-time and simultaneously continue their academic study. Internships are filled on a quarter by quarter basis. Both types of employment may be either full- or part-time. A paid position yields a larger, more diverse pool of qualified candidates than a position with no compensation.

## Athletic Facilities

### Ervin J. Nutter Center

The Ervin J. Nutter Center, Southwest Ohio's premier sports and entertainment complex, is home to the Wright State men's and women's basketball teams. Along with the 11,500-seat arena, the Nutter Center also houses a recreation running track, a fully equipped fitness center, a multipurpose room, dressing rooms, classrooms and 60,000 square feet of exhibition space. The Nutter Center remains one of the premier stopping points for major concert tours of every musical genre, the finest family shows and top-touring ice shows, including Elton John, KISS, Cher, Neil Diamond, Phish, Reba McIntyre, Aerosmith, Ringling Bros. and Barnum and Bailey Circus, Disney on Ice, WWE and many more. The Nutter Center is also home to the ECHL Dayton Bombers.

### Setzer Pavilion and Mills Morgan Center

The newest Wright State athletic facility, the Setzer Pavilion and Mills Morgan Center opened in the fall of 2005. The training venue houses nearly 30,000 square feet, including a gymnasium, strength and conditioning room and coaches offices as well as locker rooms, video rooms and player lounges.

### C.J. McLin Gymnasium

The Wright State volleyball program calls the C.J. McLin Gymnasium home. Located within the Nutter Center, the McLin Gymnasium features air conditioning, a state-of-the-art floating wood floor and seating for 500. Being the only team that competes in the C.J. McLin Gymnasium, the volleyball program enjoys the great home atmosphere and the positive environment of a first-rate facility of its own.

## Wright State Athletic Facilities

### Alumni Field

The home of the Wright State men's and women's soccer teams since 1999, Alumni Field was the site of the 2000 MCC Women's Soccer Championship, which the Raiders won to secure their third straight appearance in the NCAA Tournament. Alumni Field features lights along with dugouts, which were constructed in 2003.

### WSU Natatorium

The WSU Natatorium is the home of the Wright State men's and women's swimming and diving teams. Over the last 14 years, the Raiders have combined to win 16 conference titles along with 170 individual crowns and 65 in relay events.

### Nischwitz Stadium

While the Wright State baseball team has been playing at the site since 1993, Nischwitz Stadium became a reality in 2000. The facility features chair-back seating for 750, lights, heated dugouts, locker rooms, a weight room and a training facility. Nischwitz Stadium, which measures 330 down each line, 375 to the gaps and 400 to straight-away center, has hosted numerous amateur games and tournaments over the years.

### WSU Softball Field

The home of the Wright State softball team since 1995, the WSU Softball Field has had many additions in recent years, including permanent dugouts and, in 2002, the construction of a building that houses the pressbox, concession stand and restrooms. The WSU Softball Field measures 200 down each line and 220 to straight-away center.

### WSU Tennis Courts

The home of the Wright State men's and women's tennis teams, the WSU Tennis Courts, located next to Nischwitz Stadium, feature six courts along with bleacher seating on the east side.

# Dayton

## The Value of Variety

Dayton has flourished from a firm foundation of innovation and industrial expertise. Inventions from Dayton—including powered flight, the cash register, and countless others in the automotive and aerospace industries have built a strong core for the region's economy.

Today's healthy local economy is more diversified, fueled by a mixture of companies of many sizes and industries. This diversity is more important since it provides economic stability and prevents overreliance on any single sector.

A century ago, small businesses and entrepreneurs put Dayton on the map, and they remain a high priority to this day. The region is bustling with momentum with more than 19,000 new business start-ups from 1996–2001. Local business and community leaders are committed to supporting entrepreneurs and nurturing new businesses through mentoring, technical assistance, and innovative programs such as the Entrepreneurs Center, a downtown-based technology incubator.

## Workforce: Dayton Trains its Own

Dayton works proactively to provide programs that ensure a skilled workforce, particularly for specialized technical positions. Local officials promote the continuous training of local workers in addition to supporting the outside recruitment efforts of area technology workforce. Additionally, Dayton recently ranked fifth among medium-sized cities on the Creativity Index created through Richard Florida's research into the "Creative Class."

## A Dynamic New Downtown

Thanks to this community's great visionaries and energetic workers, downtown Dayton is reinventing itself in grand style. Developments such as the Schuster

*Dayton's skyline illuminated at night*

Performing Arts Center, Dayton Dragons baseball, and RiverScape have sparked a new wave of interest and investment in the central business district.

In 2002, some 500 employees moved into the new corporate headquarters of Relizon in downtown

Dayton. The five-story office building and parking garage occupy a site that formerly was a vacant department store.

Also downtown, the urge for urban living is being satisfied with the development of several new residential loft projects, especially appealing to young professionals and empty-nesters. With hundreds of new residents pouring in, downtown continues to add new restaurants, night clubs, and other attractions to cater to these new urbanites.

## From History's Success to Today's Strength

Dayton's business composition has evolved with the times. While manufacturing continues to play a key role, comprising 18 percent of the region's total employment, the services industry employs 32 percent of the workforce and the retail and wholesale trade industry employs 23 percent. Over time, the area has developed core competencies in aerospace, information technology, composite materials, automotive manufacturing, advanced manufacturing, and logistics.

**Aerospace**—The influence of Wright-Patterson Air Force Base on the Dayton area economy is far-reaching

*The Wright brothers and their flyer*

and profound. As the foremost research and development center of the United States Air Force, Wright-Patterson has been responsible for nearly every major innovation in U.S. military aviation. The base has truly been a catalyst for high-tech growth in the region.

The facility has a \$2.4 billion annual economic impact on the region, employing 18,000 people, including some 10,000 civilians. In addition, some 19,000 jobs are provided through subcontracting and supply. The base has contributed to the Dayton region's position as one of the nation's largest concentrations of engineering talent.

In addition, several regional organizations facilitate technology transfer between Wright-Patterson and the private sector to maximize the benefits of defense-related research and development.

The aviation legacy is also evident in the private sector. The Dayton region is home to Goodrich Corporation's Division Headquarters for aircraft wheels

## Dayton

and brakes and other leading aerospace providers such as Hartzell Propeller. Also, GE Jet Aircraft Engines is located just south on I-75. These operations have encouraged the creation of many firms that supply the commercial-aircraft industry.

**Information technology**—With the influence of Wright-Patterson Air Force Base, Dayton has developed a substantial foundation of high-tech capabilities, especially in areas associated with the aerospace and defense industries. The Dayton region is home to more than 800 IT organizations and recently ranked in the top 20 among U.S. metropolitan areas in IT job growth, according to IT CareerWorld, an industry publication.

In addition to the niches represented by its many smaller companies, Dayton's bellwether technology

companies—LexisNexis, Reynolds and Reynolds, Standard Register, and NCR Corporation—are pacing their industries with continuous innovation.

**Composite materials**—When the U.S. Air Force needed a material lighter, but stronger, than steel, it turned to the Air Force Research Laboratory at Wright-Patterson. The result? Composite materials, the combination of fiber and resin. And while the Air Force fulfilled defense needs, the commercial applications became evident for products ranging from appliances to golf carts.

The only obstacle has been cost: composites are prohibitively expensive for an individual company. Undaunted, Daytonians arrived at a solution: the National Composite Center, an organization that helps to develop composite-processing techniques for commercial applications.

**Automotive**—The Dayton area has a rich tradition in automotive manufacturing, starting with the pioneering efforts of individuals such as Charles F. Kettering, founder of Delco. General Motors acquired Delco and subsequently located state-of-the-art laboratories and research facilities in Dayton.

In 1999, General Motors spun off the Delco company, renamed Delphi Automotive Systems, allowing Delphi to expand its business by supplying products—including chassis, thermal, energy and engine management, electrical and electronic systems—to other automakers in the international

marketplace.

In addition to the 10,200 people employed at Delphi, GM employs 4,300 in the Dayton area assembling sport utility vehicles and engines. International Truck & Engine in Springfield employs 2,500. Behr America, with a major facility in Dayton, boasts a workforce of 2,400. And DMAX, a joint venture between GM and Isuzu, manufactures its award-winning diesel engine here. These large-scale automotive operations have spurred the growth of many small- to medium-sized suppliers in the Dayton region.

**Advanced manufacturing**—The manufacturing industry's rise to dominance in the region's economy during the 20th century created unparalleled opportunities. Today, Dayton is home to more than 26,000 skilled workers in 850 tooling, machining and related companies. In fact, the 12-county area around Dayton is North America's fourth largest tooling and machining hub.

Like most other industries, today's tooling and machining has gone high-tech. Highly-trained workers are developing new products by integrating technical manufacturing processes, microelectronics, robotics, and sophisticated automation. Local leaders have launched the Tool Valley Network, an entity that provides training and services for the area's tool and die companies.

**Logistics**—Five metropolitan statistical areas and more than 300 cities, towns, and villages lie within 90 minutes of Dayton. This, coupled with Dayton's ideal location at the I-70/75 intersection, has encouraged the growth of many trucking operations, warehouse facilities, and logistic-support services. In fact, the region boasts more than 650 firms in the transportation

*Dayton's skyline during the daytime*

and warehousing industry.

The Dayton International Airport is just a few minutes from the I-70/75 intersection. The region's 90-minute air market ranks first nationally with more than 50 percent of the country's population and over 50 percent of the country's income within 90 minutes of Dayton by air. The airport offers more than 85 passenger flights a day with nonstop service to 17 major domestic markets, carrying 2 million passengers annually.

## Did You Know?

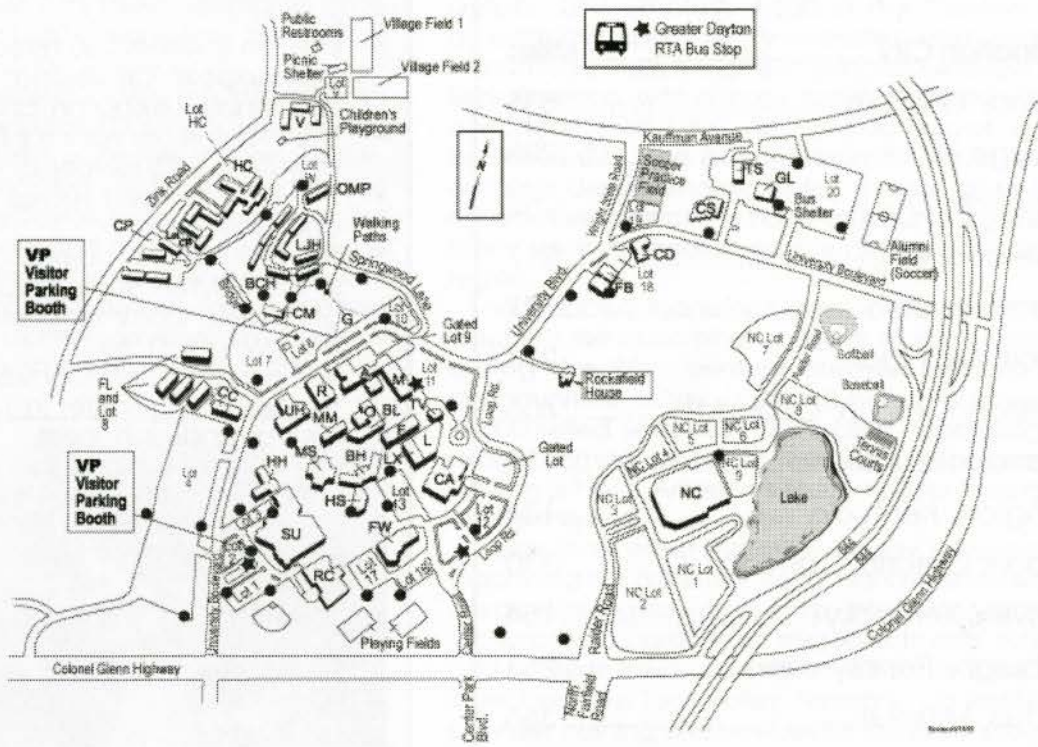

- Dayton is within 250 miles of Chicago, Indianapolis, Cleveland, Columbus, Cincinnati, Lexington and Louisville.
- The income tax rate for the city of Dayton is 2.25 percent.
- The Dayton area serves seven colleges and universities.
- There are eight major shopping malls in the Dayton area, including The Mall of Fairfield Commons, less than a mile from Wright State.
- Restaurant owner James Ritty devised the first cash register in 1879 to keep his bartenders honest.
- The average rainfall in the Dayton area is 34.71 inches.
- The world became a little sweeter when Esther Price founded her candy business in 1929.
- The Wright brothers' first attempts at flight were made from Huffman Prairie near Wright State.
- Wright-Patterson Air Force Base, located next to Wright State, is one of the nation's largest and oldest military installations and was host to the Bosnian peace talks.
- Erma Bombeck and Phil Donahue were once neighbors in the Dayton area.
- Paul Laurence Dunbar and Orville Wright were high school classmates.
- The Wright State University woods is prime birdwatching territory. Look for turkey vultures, brown creepers and tufted titmice.
- Clifton Mill is the oldest operating grindstone in the nation.
- Speedster Barney Oldfield of Dayton was the first person to drive a mile a minute in 1903.
- The road striper was created in nearby Xenia.
- The largest international gathering of historic aircraft, the Festival of Flight, occurred in Dayton in 2003.
- The National Afro-American Museum and Cultural Center is located in the Dayton area.
- Wright-Patterson Air Force Base houses the United States Air Force Museum, the largest and oldest aviation museum in the world.

## Getting to Wright State's Main Campus

From north of Dayton on I-75. Take I-75 south to I-675 east. Go east to I-675 south. Go south to Exit 17 and turn right on North Fairfield Road. Turn left on Colonel Glenn Highway to the main WSU entrance at University Boulevard.

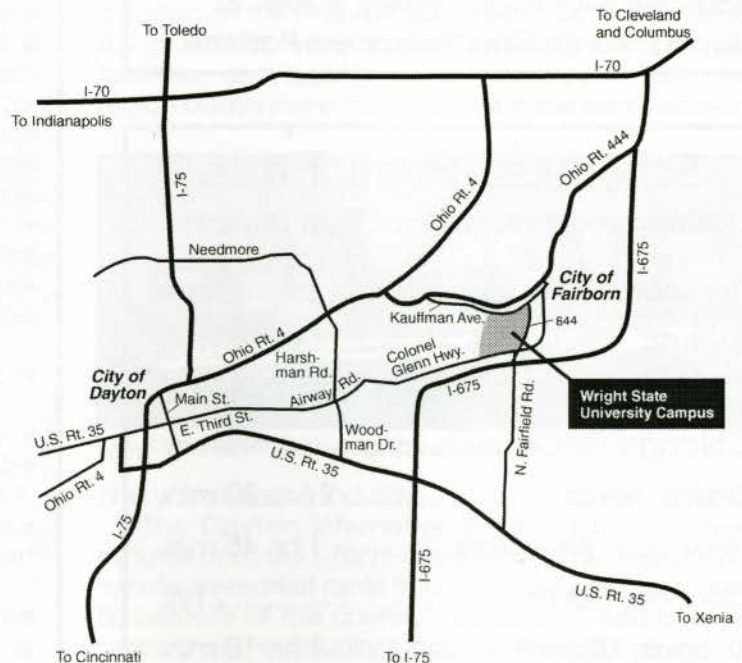

From south of Dayton on I-75. Take I-75 north to I-675 north. Go north to Exit 17 and follow sign for North Fairfield Road (not WSU). Turn left on North Fairfield Road, then left on Colonel Glenn Highway to the main WSU entrance at University Boulevard.

From east of Dayton on I-70. Take I-70 west to I-675 south. Go south to Exit 17 and turn right on North Fairfield Road. Turn left on Colonel Glenn Highway to the main WSU entrance at University Boulevard.

From east of Dayton on Route 35. Take Route 35 west to North Fairfield Road and turn right. Turn left on Colonel Glenn Highway to the main WSU entrance at University Boulevard.

From west of Dayton on I-70. Take I-70 east to I-675 south. Go south to Exit 17 and turn right on North Fairfield Road. Turn left on Colonel Glenn Highway to the main WSU entrance at University Boulevard.

From west of Dayton on Route 35. Take Route 35 east to I-675 north. Go north to Exit 17 and follow sign for North Fairfield Road (not WSU). Turn left on North Fairfield Road, then left on Colonel Glenn Highway to the main WSU entrance at University Boulevard.

# ACADEMIC HONORS

Both the Wright State University men's and women's swimming and diving teams were honored last season by being selected as an Academic All-American Team by the College Swimming Coaches Association of America. The women's team was selected for the 13th consecutive year, while the men's team received the honor for the fifth straight time.

**30 Raiders return this year to continue WSU's tradition of academic excellence.**

**Front row (Left to Right):** Joy Weingart, Sarah Wyant, Kassie Schmidt, Brittiany Czoch, Svetlana Nepocatych, Crystal Grinstead, Dani DiMasso, Rachel Early, Andrea Hess, Tina Pandza, Erin Reilly, Amanda Mueller, Amy Cron, Maggie Napier, Kristi Fox, Jenny Nichols, Katie Rippl, Catalina Martinez.

**Back row (Left to Right):** Kevin Shields, Elvis Cirikovic, Alex Dolgov, Warren Thompson, Rafael Candido, Matthew Wadsworth, Will Ehresman, Scott Lang, Dan Fleck, Ryan Klasmeier, Aaron Eckstein, Nick Seuch.
